

GU10 LED Lamp

3.3W AC 240V GU10

FEATURES

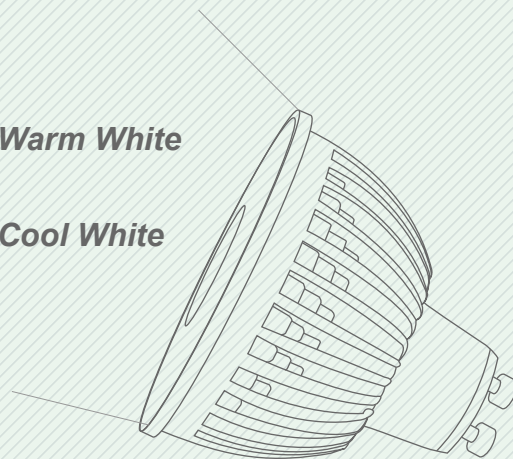

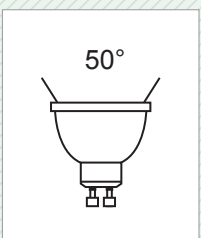

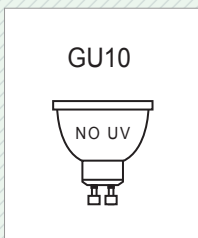

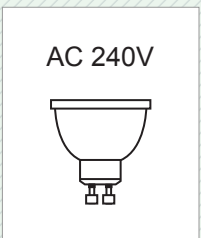

LONG LIFE ENERGY SAVING
 More than 80% Energy Saving
 3.3W LED = approx. 30W Halogen

TECHNICAL DATA

- AC 240V 50Hz direct connection
- Long lifespan: approx. 50,000 hours
- No need for transformer
- Substitution for GU10 halogen lamp
- Energy efficient product / Dimmerble (Power consumption only 3.3Watt)
- Equivalent to approx. 30W halogen lamp
- Eco-friendly, very low CO2 emission

LED has obtained above marks

"Creating Energy Saving Solutions for a Sustainable Future"
